This directory is current as of September 1, 2013. Some network providers may have been added or removed from our network after this directory was printed. We do not guarantee that each provider is still accepting new members.

To get the most up-to-date information about the Plan’s network providers in your area, you can visit www.myPreferredCare.com or call our Customer Service Department at 1-866-231-7201, 8 a.m. to 8 p.m. local time, 7 days a week. TTY users should call 711.

Section 1
INTRODUCTION

This directory provides a list of the plan’s network providers. To get detailed information about your health care coverage, please see your Evidence of Coverage.

What is a primary care physician?
A primary care physician (PCP) is the doctor who may see you on a regular basis as your main doctor.

Your PCP can help you:

- Make smart lifestyle choices to improve and maintain your health
- Get preventive care and health screenings
- Better understand your medical conditions
- Coordinate any specialist care to help avoid duplicate and expensive tests. Your plan may require your PCP to coordinate any specialist care you receive
- Manage your prescriptions and identify possible harmful interactions

How to choose a primary care physician (PCP)
You will have to choose one of our network physicians to be your primary care physician (PCP). The term PCP will be used throughout this directory.

Choose one of our network providers to be your primary care provider and call to find out if they’re accepting new patients. If you choose a PCP who is not taking new patients, we may assign you to a different PCP. If this happens, you can switch to another PCP who is accepting new patients.

Your PCP plays an important role in your health care and we want you to be comfortable with the provider you choose. Call Customer Service at the number listed on the back cover of this directory if you want to switch providers.

The “network providers” listed in this directory have agreed to provide you with your health care coverage. Check your Evidence of Coverage to make sure your plan includes additional benefits or that you’ve signed up for optional supplemental benefits before making appointments for dental, vision or hearing services. You can see a specialist without getting a referral. If you have been going to one network provider, you are not required to continue going to that same provider.

If I need emergency or urgent care
A medical emergency is when you, or any other ordinary person with an average knowledge of health and medicine, believe that you have symptoms that require immediate medical care to prevent death, loss of a limb, or loss of function of a limb. The medical symptoms may be an illness, injury, severe pain, or a medical condition that is quickly getting worse.

If you have a medical emergency, get help as quickly as possible. Call 911 or go to the nearest emergency room or hospital. You can always get emergency care from the nearest available provider, whether or not they are a network provider, and whether or not you are in the service area. You or someone else should call and tell us about your emergency care, usually within 48 hours. If your emergency care is provided by out-of-network
providers, we will try to arrange for network providers to take over your care as soon as possible given your medical condition and the circumstances.

After you receive emergency care you may need follow-up care to be sure your condition stabilizes. This follow-up care will be covered by our plan.

“Urgently needed care” is a non-emergency, unforeseen medical illness, injury, or condition, that requires immediate medical care. Urgently needed care may be received from in-network providers, or from out-of-network providers when in-network providers are unavailable. The unforeseen condition could, for example, be an unforeseen flare-up of a known condition that you have.

In most situations, if you are in the plan’s service area, we will cover urgently needed care only if you receive care from a network provider and follow the plan rules described in your Evidence of Coverage. However, if the circumstances are unusual or extraordinary, and network providers are temporarily unavailable, we will cover urgently needed care that you get from an out-of-network provider. When you are outside the service area and cannot get care from a network provider, our plan will cover urgently needed care that you get from any provider.

If you get routine care from out-of-network providers, neither Medicare nor your health plan will pay the costs.

Our plan does not cover urgently needed care or any other non-emergency care if you receive the care outside of the United States.

**Additional Benefits**

Your plan may cover additional benefits that are not covered by Original Medicare. Additional benefits may include vision, dental or hearing services. You may have to use specific providers for some of these additional benefits.

Services from these providers will not be covered if your plan does not include additional benefits. Before you make an appointment, check your Evidence of Coverage to see if your plan includes additional benefits.

**If you get a bill**

At times you may get a bill from a provider for the full cost of medical care you received. In most cases, you should send this bill to us instead of paying it. We will review the bill and decide whether the services should be covered. If they should be covered, we will pay the provider directly. Please see your Evidence of Coverage for more information.

**If you’re on Medicare and Medicaid**

If you’re a Qualified Medicare Beneficiary (QMB), your doctor may not bill you for deductibles, copays or coinsurance for Medicare-covered services, except for Part D prescription drug copays. Please show your member ID card and your state-issued Medicaid member ID card when you see the doctor or use other plan services. This will help ensure you’re billed for the correct amount.

**Accessing your mental health benefits**

To access your mental health benefits, call the mental health number on the back of your member ID card. When you call, a representative will check your eligibility and get basic information about you and your situation. Depending on the help you need, a clinician may talk with you and recommend a provider and treatment plan. If you prefer, your PCP may call and arrange a referral for you. Your personal information will be kept strictly confidential.
Organ transplant services
Your plan has a nationwide network of facilities that perform organ transplants (including the heart, lung, liver, intestine, kidney, bone marrow and/or pancreas). Solid organ transplants must be performed at a facility that is currently Medicare-approved for your specific type of transplant. The complete list of your plan's facilities that are approved by Medicare may change throughout the year. For information on network facilities for transplant services, please call Customer Service at 1-866-231-7201, TTY 711.

Routine hearing care coverage
Check your Evidence of Coverage to see if your plan includes additional routine hearing care coverage.

- To get the most out of your benefits, choose a network provider for a routine hearing exam.

If you need help finding a provider, call Customer Service at the number on the cover of this directory.

What is the service area for your plan?
The county in our service area is listed below.

Vision care
Members whose benefits include additional vision care may see the following vision providers. Not all network vision providers may be included in this list. This list may change. Please see your Evidence of Coverage for details about plan benefits, limitations and exclusions. If your plan does not include additional vision care benefits and you visit one of these providers, your services will not be covered. Note: For Medicare-covered vision care (glaucoma screenings, cataract services, etc.), see the specialists section of this directory.
